ACTOR FILM & THEATER | VOICE ACTOR | MOTION CAPTURE PERFORMER | CORPORATE ACTOR

I am **Raisa (1999)**, a versatile creative professional with a wide range of experience in theater, film, modeling, costume design, voice acting, and education. My career began at a young age with acting lessons and a publication in *BeautyMute* as a model and stylist. After completing a theater education at VRIJDAG and landing several film roles, I pursued training in film, motion capture (both in London) and acting for training/educational purposes. Recently, I expanded my skills with singing and voice acting courses. I am available for work worldwide.
